Camp Burnt Gin Acute Seizure Action Plan

Instructions for Completing 4522-ENG-DPH

PURPOSE

This form is completed by the licensed physician, advanced practice nurse (APRN), or physician assistant (PA) to provide specific instructions for Camp Burnt Gin Medical staff members for responding to camper seizure activity.

AUDIENCE

The licensed physician, advanced practice nurse (APRN), or physician assistant (PA) completes the Camp Burnt Gin Acute Seizure Action Plan. 4522-ENG-DPH may be used as a seizure action plan template, or the plan may be documented via the provider's own template.

INSTRUCTIONS

Complete each item as directed, including camper's name, DOB, and any requested signatures.

OFFICE MECHANICS & FILING

The enrollment application is kept in the applicant's file at camp during the summer and becomes part of the permanent file maintained by the Children and Youth with Special Health Care Needs Section for 13 years after the minor's last Camp session, or until the minor has reached his/her nineteenth birthday whichever period is longer. This form is maintained by 10360, Camper's Files (Camp Burnt Gin).
